NEW-YORK:

Printed by WM. HOOKER, old stand of EDMUND M. BLUNT, at the QUADRANT, 202 Water-street, corner of Fulton-street, where Nautical Gentlemen are respectfully invited, who wish a supply of Sextants, Quadrants, Spy-Glasses, Charts, Pilots, Bowditch's Practical Navigator, Blunt's American Coast Pilot, Abbot on Shipping, Ship-Master's Assistant, Nautical Almanaes, Seamanship in theory and practice, Walsh's Mercantile Arithmetic, Stranger's Guide to the City of New-York, and every article in the stationary line useful at sea.

** Compasses and Quadrants repaired, and Cash given for correct Quadrants.

BAHAMA BANK, HOLE IN THE WALL, &C.

WILILAM HOOKER,

202

Water, corner Fulton-street, New-York,

Has just published a new CHART OF EAST FLORIDA and BAHAMA BANKS, on three sheets, with a Book of Sailing Directions. [That patrons should not consider our publications as mere copies, or that we are in any way remiss in our duty to the community, we briefly state the improvements made in this Chart, over any now extant, viz:-1. It commences 1° farther north, and extends to Havana, with a PLAN of that Harbour, and description of the Light House lately erected on Moro Castle.—2. A correct VIEW, showing the appearance of the Holein-the-Wall.—3. Sailing directions for crossing the Bank .- 4. Between one and two hundred Soundings taken on the Bank, some late as July, 1818.—5. Tracks over Salt Key Bank.—6. Directions for anchoring, &c. when passing through the Gulf, and you meet a gale from the northward.—7. Position of the Light House lately erected on Hog Island at the entrance of Nassau, (New-Providence)-8. Tide on the Banks.]

New edition of Blunt's CHART OF LONG ISLAND SOUND,

In which Gang Way Rock, lying nearly mid-channel between Sands' Point and Hart Island, is correctly laid down.—It is published on large and small scales, and those who have purchased the ninth edition of the American Coast Pilot as above, will be pleased to call and receive a copy of the small Chart gratis. This Rock is most dangerously situated, and the only reason which can be given for its not having taken up hundreds of vessels, is its top running almost to a point.—

SOUTHERN COAST OF NORTH AMERICA.

A new edition of that celebrated CHART, extending from New-York to Havana, containing Plans of the principal Harbours, with Sailing Directions for entering Sandy Hook and crossing the Bahama Bank, engraved on the Chart, with Soundings taken to Jan. 1819, which may be had together or in separate sheets. Bowditch's Practical Navigator, fourth edition, stereotyped.

Blunt's American Coast Pilot, ninth edition. Seamanship, with a system of Naval Tactics. Nautical Almanaes, from 1811, to 1820, published annually.

MISSISSIPPI AND NEW-ORLEANS.

A new Chart of the Mississippi, including Mobile Bay, with sailing directions, and plan of Mobile, improved to Oct. 1818.

NORTH EAST COAST OF NORTH AMERICA.

A new Chart, commencing at New-York and extending to Nova-Scotia, on which are introduced all the new Light-Houses erected.

Two Charts of West Indies, on large and small scales. [The largest Chart is on four sheets, which may be had together or separate, as most agreeable, and contains Tracks and Soundings of one of the U.S. Frigates on the Spanish Maine, &c.]

A new Chart of the Atlantic or Western Ocean, with a book of Directions.

A new Chart of Newfoundland,

A Chart of the Coast of Labrador,

A new Chart of the Coast of Guayana.

North Coast of Brazil.

Plan of New London Harbour, surveyed by order of Commodore Rodgers, and to him most respectfully dedicated.

Seamen's Journals and Log Books of every description for long or short voyages.

The above are the publications of ED-MUND M. BLUNT, who continues all his works at the old stand, and most respectfully solicits information from the Mariner, in which the community is deeply interested.

W. HOOKER has for sale, an extensive assortment of NAUTICAL INSTRUMENTS, BOOKS, and CHARTS, and will with pleasure execute the orders of Navigators and other gentlemen with punctuality and to satisfaction—also Mercantile Blanks and Stationary. Pen & Jack Knives, &c.

Now publishing, a new and improved Chart of the GULF OF MEXICO. Likewise, a new CHART of the SOUTH ATLANTIC OCEAN.

Orders from Ship-Chandlers liberally supplied.

** Compasses, Sextants, Quadrants, Thermometers, and Spy-Glasses repaired in a very superior style, and orders left most promptly attended to.

The patrons of WM. HOOKER may receive much Nautical information gratis, as he has free access to the manuscripts of E. M. Blunt, while preparing for publication.
